Set out below is a summary of the main features of the Dividend Reinvestment Plan of Veris Limited. Shareholders should consider the rules of the Plan set out on pages 6 to 16 (the Rules) before deciding whether to participate in the Plan.

Increased Shareholding

The Plan is an optional and convenient way of increasing the number of shares owned in Veris Limited.

Eligibility

All shareholders who hold fully paid ordinary shares in the Company and have a registered address in Australia, or in such other countries as are approved by the Board from time to time, are eligible to participate in the Plan.

Participation is Optional

Participation is entirely optional. A shareholder may apply to participate in the Plan, vary their existing participation, or withdraw from the Plan at any time in accordance with the procedures set out in the Rules.

Participants have the following options:

- (a) Full participation -the aggregate dividend payable on all fully paid ordinary shares held by the shareholder is reinvested in new shares; or
- (b) Partial participation – the aggregate dividend payable on the number of shares specified by the shareholder is reinvested in new shares. The dividend on the remaining (non-participating) shares will be paid as directed by the shareholder.

In the case of full participation, shares issued or transferred under the Plan will be added to the shares already participating in the Plan. In the case of partial participation, shares issued or transferred under the Plan are eligible for participation at the shareholder's discretion on lodgment of a Notice of Variation.

Subscription Price

Shares will be issued or transferred under the Plan at a discount determined by the Board to the arithmetic average of the VWAP (rounded to the nearest cent) on each day during the Price Determination Period as determined by the Board and are issued or transferred free of brokerage, commission and stamp duty costs.

Entitlement Rounded Down

Where the subscription price formula results in a fraction of a share, the entitlement is rounded down to the nearest whole number of shares. Any residual amounts in a participant's account established and maintained under the Plan are carried forward.

Ranking of Dividend

Shares allocated under the Plan rank equally with existing fully paid shares

Underwriting

The Board may arrange for the Plan to be fully or partially underwritten in respect of any dividend payment.

Statement

A statement is sent following each dividend payment, detailing participation in the Plan and setting out the applicable subscription price, number of shares issued or transferred and certain other key details.

Sale of Shares

Shares participating in the Plan, or shares issued or transferred under the Plan, may be sold at any time. Shares participating in the Plan which are transferred will be withdrawn from the Plan automatically following the receipt of a valid transfer document by the Company.

In the absence of notification to the contrary, shareholders who participate in the Plan in respect of only part of their shares will have future disposals deducted from their shareholding in the following order:

- (a) non-participating shares; and
- (b) participating shares.

Taxation

The following information is a general summary only and it is recommended that shareholders obtain their own independent tax advice regarding the taxation consequences of participating in the Plan.

Under the Plan, the dividend is reinvested in new shares in the Company. Under current Australian taxation legislation, this dividend is included in assessable income in exactly the same manner as a cash dividend. Any franking credits will be available, depending on the franking credits attached to the dividend and the shareholder's individual circumstances. Similar to ordinary shares purchased, capital gains tax may apply to the sale of shares acquired under the Plan. Different tax consequences may apply to certain Shareholders such as share traders and non-residents. Plan statements should be retained for tax purposes.

The Company recommends that intending participants obtain professional legal and financial advice if required.

Variation of the Plan

The Board has the right to modify, suspend or terminate the Plan at its absolute discretion.

Securities Exchange Listing

Application will be made for the quotation of new shares issued under the Plan on ASX.

How to Participate in the Plan

If you wish to participate in the Plan, please complete the Application Form that accompanies this booklet and return it to the Share Registry by 5.00pm (WST time) on the business day after the record date for the relevant dividend. Alternatively, you can login online at www.investorcentre.com/au and update to indicate your Plan nomination.
