Corporate Governance Statement
2016

The Board of VERIS Limited is committed to conducting its business in accordance with the highest standards of corporate governance to create and deliver value for VERIS's Shareholders. The Board has established a corporate governance framework, including corporate governance policies, procedures and charters to support this commitment. The framework is reviewed regularly and revised in response to changes in laws, developments in corporate governance and changes to VERIS's business. A copy of these charters, procedures and policies is available on the Investors page under the header, "Corporate Governance" at VERIS's website, www.veris.com.au.

This Statement is current as at 16 August, 2016 and has been approved by the VERIS Board.

In March 2014, the ASX Corporate Governance Council released a third edition of the ASX Corporate Governance Council's Principles and Recommendations (ASX Principles). As required by the ASX Listing Rules, this Statement discloses the extent to which VERIS has followed the ASX Principles. Except where otherwise explained, VERIS followed the ASX Principles during the period. This Statement should be read in conjunction with the material on our website (www.veris.com.au), including the 2016 Annual Report.

The eight ASX Principles and VERIS's position in respect of each of them, are set out below:

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Roles & Responsibilities

The Board is responsible for the overall management and strategic direction of the Company and for delivering accountable corporate performance in accordance with the Company's goals and objectives.

The Board has adopted a formal Board Charter that details the Board's role, authority, responsibilities, membership and operations and is available on our website at:

<http://veris.com.au/media/1227/veris-limited-corporate-governance-charter.pdf>

The Board Charter sets out the matters expressly reserved to the Board and those delegated to management.

The Board delegates responsibility for the day-to-day management of VERIS to the CEO, but retains responsibility for the overall strategy, performance and governance of VERIS. The CEO, under a 'delegations of authority' then delegates authority to the appropriate senior managers across the organisation.

Appointment, Induction and Training

The Nomination and Remuneration Committee is responsible for the selection and recommendation of new appointments of Directors. Appropriate checks are undertaken prior to appointing a new Director. Information about a candidate standing for election or re-election as Director is provided to security holders via the Notice of Meeting and the information contained in the Annual Report.

Upon appointment, each Director receives a letter of appointment which sets out the terms of their appointment; along with a deed of indemnity, insurance and access and an induction pack containing information on the Company's vision, values, strategy, governance and risk management frameworks.

Directors are provided with the opportunity to participate in professional development, to develop and maintain the skills and knowledge needed to effectively perform their role as Directors.

Company Secretary

The Company Secretary plays an important role in supporting the effectiveness of the board and its committees. The Company Secretary is accountable to the Board through the Chairman on all matters regarding the proper function of the Board. This includes assisting the board and its committees on governance matters, monitoring compliance with policies and procedures, coordinating board and committee meetings and papers and acting as the interface between the Board and senior executives. Details regarding the Company Secretary, including experience and qualifications are set out in the Director's Report in our 2016 Annual Report.

Diversity

The Company is committed to diversity and recognises the benefits arising from employee and board diversity and the importance of benefiting from all available talent. Accordingly, the Company has developed a diversity policy which is available on the company's website:

<http://veris.com.au/media/1227/veris-limited-corporate-governance-charter.pdf>

Diversity includes, but is not limited to, gender, age, ethnicity and cultural background.

The diversity policy outlines requirements for the Board to develop measurable objectives for achieving diversity. The objectives and the progress in achieving those objectives over time, as Director and senior management positions become vacant and appropriately qualified candidates become available, require annual assessment.

The Board established measurable targets for achieving gender diversity across the group during 2016. The Company is currently not of a size that justifies the establishment of measurable diversity objectives. The Board will seek to develop a reporting framework in the future, as the Company grows, to report the Company's progress against the objectives and

strategies for achieving a diverse workplace; which can be used as a guide to be used by the Company to identify new Directors, senior executives and employees.

The respective proportion of men and women employees across the whole organisation is 79% and 21%. Currently, the Board comprises four members and the CEO, all of whom are men. The respective proportions of men and women in senior executive positions is 83% and 17%. A senior executive office holding below the Board level, is the position of Company secretary, and is held by a female.

Performance Evaluation

The Nomination and Remuneration Committee is charged in the terms of a Charter with periodic review of the job description and performance of the CEO, according to agreed performance parameters and with board and board committee membership, succession planning and performance evaluation, as well as board member induction, education and development. The Group has adopted policies and procedures concerning the evaluation and development of its Directors, executives and Board Committee. Procedures include an induction protocol and a performance management system for the Board and its Directors. Each Board Committee also formally reports to the Board annually on its operations in the context of its remit. A performance evaluation of the Board in respect of the year ended 30 June 2016 has not yet taken place and will do so at the next meeting of the Nomination and Remuneration Committee.

The Nomination and Remuneration Committee conducts an annual review of the performance of the CEO with oversight reviews of the senior executives reporting directly to the CEO. The performance of the CEO and other senior executives is measured against pre-defined financial, safety and personal based KPI's. The performance evaluation of the CEO and other senior executives in respect of the year ended 30 June 2016 has taken place.

Independence

The Board has considered the guidance to Principle 2.3 of the ASX Principles and in particular the relationships affecting the independent status of Directors. In its assessment of independence, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when evaluating independence are whether a Director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- is employed, or has previously been employed in an executive capacity by the Company or another Company member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- has within the last three years been a principal of a material professional advisor or a material consultant to the Company or another Company member, or an employee materially associated with the service provided;

- has close family ties with any person who falls within any of the categories described above; OR
- has been a Director of the entity for such a period that his or her independence may have been compromised.

The assessment of whether a Board member is independent is a matter of judgement for the Board as a whole and includes concepts of materiality. In the context of independence, materiality is considered from both a quantitative and qualitative perspective. An item is presumed to be quantitatively immaterial if it is equal to or less than 5% of an appropriate base amount. Qualitative factors considered include the nature of the relationship or contractual arrangement and factors that could materially interfere with the independent exercise of the director's judgement. In accordance with the definition of independence above and the materiality thresholds, the following Directors of VERIS are considered to be independent.

Name	Position
Derek La Ferla	Non-Executive Chairman
Tom Lawrence	Non-Executive Director
Karl Paganin	Non-Executive Director

The Board recognises the ASX Recommendations that the majority of the Board should be comprised of independent Directors and the chair should be an independent Director and the Company complies with this recommendation. Furthermore, the Board intends to appoint additional independent non-executive Directors, as appropriate, with relevant corporate and industry experience to further strengthen its Board and guide its corporate and development strategy.

PRINCIPLE 3: ACT ETHICALLY AND RESPONSIBLY

Ethical Standards

All Directors, managers and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the Group. Every employee has a nominated supervisor to whom they may refer any issues arising from their employment.

Conflict of Interest

Directors must keep the board advised, on an ongoing basis, of any interest that could potentially conflict with those of the Group. The Board has developed procedures to assist Directors to disclose potential conflicts of interest. This matter is a standing agenda item at each Board meeting.

Where the board believes that a significant conflict exists for a director on a board matter, the director concerned does not receive the relevant board papers and is not present at the meeting whilst the item is considered. Each director is required by the Company to declare, on an annual basis, the details of any financial or other relevant interest they may have in the Company. There are procedures in place to enable Directors, in furtherance of their duties, to seek independent professional advice at the Company's expense. Details of director related entity transactions with the Group are set out in note 23 of the 2016 Annual Report.

Code of Conduct

The Group has developed a code of conduct which states the commitment of the Group and its employees to the conduct of its business with employees, customers, funders, retailers and other external parties.

The code is directed at maintaining high ethical standards and integrity. Employees are expected to adhere to the Group's policies, perform their duties diligently, properly use Group resources, protect confidential information and avoid conflicts of interest.

The Code is acknowledged by all employees and is publicly available on the Group's website
