

Town Planning

National presence with local understanding.

Every development project needs to work within a statutory and regulatory framework. Veris assists clients to navigate this process to ensure developments are not delayed or subject to unnecessary additional costs.

The planning role is one of facilitation, bringing together all the interested parties and goals to achieve a successful outcome. This always involves good advice and the reassurance that the best solutions can be achieved.

From the outset of a project, Veris offers professional services from site selection and feasibility, through to the necessary approvals. Our skills cover both land development and inner city built form projects.

We have extensive experience in both strategic and statutory planning. Our services include:

Site Identification and Evaluation

Due Diligence Assessment and Reporting

Statutory and Strategic Planning

Planning Approvals and Stakeholder Engagement

Approval Lodgement and Application Management

Yield Assessment

Structure Planning

Town Planning Scheme Amendments

Our dedicated team of planners demonstrate an excellent knowledge of the relevant Local and State Government Policies, legislation and statutory frameworks. We have also established strong working relationships with key Council and State Government Offices and Authorities across Australia. Combined with our significant experience, our team have the skills, knowledge and passion to ensure that your project can develop with confidence.
